

Version 2021.2.5

Updated: 12/20/2021

RELEASE NOTES:

Summary

DF Studio proudly announces its latest software release, which is now being deployed to all accounts. This update improves the reliability of uploading files, and addresses a few additional bugs to improve the DF Studio experience. As always, please reach out to DF Studio's support team with any feedback or questions.

Bug Fixes

Metadata

- Addressed a workflow issue to improve the delivery of custom configurations when writing metadata to original files.

Uploads & Assignments

- Resolved an issue which caused errors when uploading assets to a new Project via DFS Speed Link or the DF Studio Upload API.

File Management & Organization

- Fixed a bug which caused the sort order of assets in a Project to reset each time the Project was loaded.
