

Version 2025.1.4

Updated: 5/2/2025

RELEASE NOTES:

Summary

DF Studio is pleased to announce its latest software release, which is now being deployed to all accounts. As always, please reach out to DF Studio's support team with any feedback or questions.

Enhancements

Messengers

- Messengers can now be configured with "Shared" mode, allowing other users from the DF Studio account to view and manage them.

API & Integration

- The DF Studio Enterprise Asset API now allows for Library folders to be created independently from Projects.

Bug Fixes

Uploads & Assignments

- Addressed an error which caused preview generation to fail when uploading certain file types.

Asset Workflows & Organization

- Corrected an issue which caused the filter menus in the menu bar to be unnecessarily narrow.
